

Intellectual Property Rights

(IPR) Form **MUST** be submitted with every order

Oasis supports the efforts of IRMA, which seeks to protect owners' intellectual property (IPR) from copyright infringement. We hope you will join us in this effort to protect recording artists and other owners of intellectual property from theft.

Do you own the Intellectual Property Rights for all the performances and/or software on this recording/project?

Yes No

If you do not own the Intellectual Property Rights (IPR) for everything in your project, you must provide proof that you have obtained licenses for the intellectual property owned by others.

Please choose the "content" section(s) (numbered 1-3) most appropriate to your project and follow the directions in that section. (MP3 or Enhanced Disc content requires completion of both the ROM and Audio sections).

Even if you are performing a "cover tune," you probably own your own performance, which is what IRMA meant by this question—so most people will answer "yes" to this question.

If you did not **perform** the music yourself, or do not own your performance, you must license the performance rights. If you don't have the rights to the performance, i.e. someone else owns the master, then you must license it. Supporting documentation/proof of license agreement required.

Where will the project be distributed?

- Within an organization
 Free to the public
 Retail
 Other _____

What is the Content of Your Project?

Please check the "content section/s" below that is most appropriate to your project and follow the directions in that section (MP3 or Enhanced Disc content requires completion of both the ROM and Audio sections).

1. CD-Audio/DVD-Audio/SA-CD Content

Is this a compilation (songs by more than one artist or band) recording? Yes No

Artist(s) _____

Project/Album Title _____

Genre _____

A list of track titles, artist, and IPR owner (typically the performer or the label, not necessarily the composer) is **REQUIRED**. Any sampling or mixing of other recordings not owned (regardless of type, quantity and length) requires licensing of those original recordings. If you are not the IPR owner (typically the performer or the label) of every track, **proof of replication licensing** from the IPR owner(s) is **REQUIRED**.

2. CD-ROM/DVD-ROM Content

If you are not the IPR owner for your entire project, list all the non-owned software, freeware and shareware products included in your project. Attach the necessary distribution licensing documentation from the IPR owner. Please note that some shareware and freeware products require distribution licensing. Consult the software vendor to learn what is necessary.

3. CD-Video/DVD-Video Content

If you are not the IPR owner, proof of replication licensing from the IPR owner(s) is **REQUIRED**. (If audio is separately licensed, complete the Audio section and provide the necessary Audio/Video Synchronization licensing).

Please Note:

- This form must be completed by the individual or organization ordering replication, not by a broker or intermediary.
- "Owned" content means that the individual or organization submitting this form is the Intellectual Property Owner of the material to be duplicated.
- Licenses must be obtained! Letters of indemnity (affirming that Oasis is not responsible for any copyright infringements) are not acceptable.

IMPORTANT: Read and SIGN below.

This SIGNED form MUST be included with your order.

I affirm that all information provided herein is true and that all disc contents indicated as being "licensed" are properly licensed for replication under the terms of the original rights holder(s) with proof of such licensing and/or trademark authorization attached. I affirm that I am the intellectual property rights owner for all contents indicated as being "owned" and approve of replication. The replicator reserves the right to refuse the processing of any order that appears to fail to demonstrate compliance with IPR laws.
